

Scams and doorstep callers

An easy read guide

Rogue traders

People who want to do work to your house or garden.

They pretend to be workmen and don't do the work properly.

Bogus callers

People who tell stories to come into your house. They then take things without your permission.

Cold callers

People who try and sell things or services at your home.

What to do

Keep your doors and windows locked.

Use a spy hole or look through a window.

Be polite but firm.
Say no thank you and shut the door.

Ask for their ID. If they don't have ID say no thank you and shut your door.

Remember things about them in case you have to report them.

Don't believe all leaflets that come through the door.
They may be getting you to have bad work done.

How to avoid them

ATTENTION

NO COLD CALLERS
