

Application to make home improvements and alterations

If you wish to make improvements or alterations in your home, you must ask our permission by completing the following form.

Approval process

Applications will be considered by the Area Surveyor. We must receive the application with all the supporting information required within one month of the date of issue, otherwise you will be asked to complete the form again.

As part of your application, you will need to provide information which shows how the proposed works affect your property.

For example, plans for internal alterations, such as bathrooms and kitchens, must show the existing and proposed plans and ideally be drawn to a scale of 1:50. Plans for external alterations, such as fencing, again are ideally to be drawn to a scale 1:200 and show the existing and proposed building, garden structures and boundary outline.

However, if this is not possible then we would accept accurate plans that are fully annotated with all relevant dimensions. In addition to the above, please provide photographs which show the whole area and close-ups of where the work is proposed.

We ask that you also include a schedule of work, with details of the exact products and materials you are proposing to use. Your chosen contractor(s) must hold professional indemnity, public liability insurance and be accredited by their governing body, such as FENSA, Gas Safe, or NICEIC.

Please see the table overleaf, which indicates the sort of information you need to send in with your application.

If you have any questions, please contact us on 0303 303 0003 or email enq@broadlandgroup.org. Please return completed applications to TenantAlterationRequests@broadlandgroup.org or post to Broadland Housing Association, Tenant Improvements, NCFC, Carrow Road, Norwich NR1 1HU.

Data Protection

Broadland Housing Association is registered with the Information Commissioner's Office (ICO) as required by the GDPR and Data Protection Act 2018. Information provided by you on this form will be stored and processed in accordance with our Data Protection Policy and Privacy Notice.
