## Support to Grow

### HELLO

Our names are Angela, Emma and Sian and we work for DWP and are part of the Partner and Community Focus teams offer within Norfolk County Council.

### WHO WE ARE

We are employed by the DWP and work as Employment Advisors. Our aim is to help remove barriers impacting you and your family and make steps forward in a way and a pace that best suits you.

### WHAT WE DO

We offer tailored support alongside your allocated Lead Worker and Job Centre Work Coach to contribute towards your family plan. By joining services, we help ensure that you get access to early, coordinated support.

### WAYS WE CAN HELP

- Have your circumstances changed and you're wondering what benefits you are entitled to?
- Are you worried about your finances and debts?
- Do you know the types of childcare funding available to you?
- Are you looking for training to gain qualifications or new skills?
- Are you thinking about returning to work or preparing for work in the future and looking to build confidence?
